### PROJECT LABOR AGREEMENT

#### **Alliant Energy Center:**

#### **Veterans Memorial Coliseum Public Concourse Repainting Project**

#### **ARTICLE 1**

This Project Labor Agreement ("Agreement) i	is made and entered into as of this
day of 2017 by and between the South Ce	entral Building and Construction Trades
Council ("Council") acting on its own behalf and on b	pehalf of its respective affiliates and
member unions whose names are subscribed hereto who have , through their duly authorized	
officers, executed this Agreement and agree to be bound by same ("Unions") with respect to the	
project described below and	(" General Contractor") for the
Alliant Energy Center's Veterans Memorial Coliseum public concourse repainting project	
("Project") commissioned by Dane County ("Owner"). All contractors who execute a Letter of	
Assent agreeing to be bound by this agreement shall also be considered a party hereto.	

#### **PURPOSE**

The Owner has placed the highest priority for employment and apprenticeship training opportunities for bona fide residents and the creation of contracting opportunities for companies in the Owner's business community. This Agreement will advance those goals and remove obstacles that may have historically limited the full employment of such local residents or the access of such businesses to the opportunities on projects of this kind.

The Council, the Unions, and the Contractor recognize that the timely completion of the Project is critical to the fiscal solvency of the Alliant Energy Center ("AEC") and to the taxpayers and residents of Dane County. In order to ensure the timely completion of the project, and that the project is completed in a safe, efficient, cost effective manner without interruption, the Contractor, the Council and the Unions have entered into this Agreement.

The term "Contractor" or "Contractors" shall include all construction contractors and subcontractors of whatever tier engaged in onsite construction work within the scope of this Agreement, including the General Contractor when it performs construction work within the scope of this Agreement. Where specific reference to \_\_\_\_\_\_\_ alone is intended, the term "General Contractor" is used.

The parties to this Agreement acknowledge that the repainting of the AEC's Veterans Memorial Coliseum's public concourses is important to the taxpayers and residents of the Owner. The Parties recognize the need for the timely completion of the Project without interruption or delay. This Agreement is intended to enhance this cooperative effort through the establishment of a framework for labor-management cooperation and stability.

The Contractor(s), the Council and the Unions agree that the timely construction of this Project will require substantial numbers of employees from construction and supporting crafts possessing skills and qualifications that are vital to its completion. They will cooperatively work together to furnish skilled, efficient craft workers for the construction of the Project.

Further, the parties desire to mutually establish and stabilize wages, hours and working conditions for the craft workers on this construction project, to encourage close cooperation between the Contractor(s), the Council and the Unions to the end that a satisfactory, continuous and harmonious relationship will exist between the parties to this Agreement.

Therefore, in recognition of the special needs of this Project and to maintain a spirit of harmony, labor-management peace, and stability during the term of this Agreement, the parties agree to abide by the terms and conditions in this Agreement, and to establish effective and binding methods for the settlement of all misunderstandings, disputes or grievances which may arise. Further, the Contractor(s) and all contractors of whatever tier, agree not to engage in any lockout and the Council and the Unions agree not engage in any strike, slow-down or interruption or other disruption of or interference with the work covered by this Agreement.

The Parties agree that, except as provided herein, this Agreement will fully apply to any successful bidder for work performed on the Project, without regard to whether that successful bidder performs work at other sites on either a union or a non-union basis, and without regard to whether employees of such bidder are or are not members of any Union. This Agreement shall not apply to any Contractor for work that is performed on work other than the Project. The Unions hereby pledge to work cooperatively on the Project with all Contractors awarded work governed by this Agreement.

To accomplish the important purposes of this Agreement, the Owner will implement this Agreement by requiring that appropriate provisions be included in the bid documents, contract specifications and other contract documents for work on the Project covered by the scope of this Agreement. It is understood by the Parties to this Agreement that, except where otherwise provided in this Agreement, the work covered by this Agreement shall be contracted exclusively to Contractors who agree to execute and be bound by the terms of this Agreement, and that all such Contractors shall be Parties to this Agreement. Contractors who are a Party to this Agreement may include businesses certified by the Owner as a Emerging Small Business (ESB), Minority Owned Business (MBE) or Women Owned Business (WBE). For work performed under this Agreement by ESB, MBE or WBE, the Unions pledge to work cooperatively with the businesses in order to help achieve the Owner's objectives of increasing capacity among historically disadvantaged businesses within the community.

# ARTICLE II SCOPE OF AGREEMENT

<u>Section 1.</u> This Project Agreement shall apply and is limited to the recognized and accepted historical definition of new construction work under the direction of and performed by the Contractor(s), of whatever tier, which may include the Project Contractor, who have contracts awarded for such work on the Project. Such work shall include site preparation work and dedicated off-site work.

The Project is further defined as the repainting of the public concourse areas on all three levels of the Veterans Memorial Coliseum in accordance with the Owner's specifications.

- Section 2. Unless otherwise exempted herein, all work performed on the project covered under the scope of this Agreement shall be covered by the terms of the Local Collective Bargaining Agreement ("CBA") with the appropriate union, except where said local CBA is in conflict with this Agreement or with any national agreement to which contractor is party. It is agreed that the General Contractor shall require all contractors of whatever tier who have been awarded contracts for work covered by this Agreement to accept and be bound by the terms and conditions of this Agreement by executing a Letter of Assent ("Attachment A") prior to commencing work. The General Contractor shall assure compliance with this Agreement by the Contractors. It is further agreed that, where there is a conflict, the terms and conditions of this Agreement shall supersede and override terms and conditions of any and all other national, area, local collective bargaining agreements.
- <u>Section 3</u>. The Parties to this Agreement understand and appreciate the need for competition in the construction markets. In order to avoid adverse cost impacts on the Project, the Parties therefore agree that they will work cooperatively to secure competitive bids for all aspects of the work on the Project:
- (a) The Owner or its representative, as applicable, shall give the Council copies of all bid specifications and requests for bids at the time they are released and sought for the Project or any part thereof. If at least three (3) reasonable bids on any trade package are not received from qualified bidders, the Owner or its representative as applicable, shall notify the Council who will have at least ten (10) days to solicit contractors to submit additional bids. In the event that there are no qualified bidders, the Owner or its representative shall have the right to select the Contractor and the Contractor awarded the contract will not be bound by or subject to this Agreement and shall not be required to sign a Letter of Assent. The contract with such Contractor shall require the Contractor to comply fully with the requirements of Section 5 of this Article, subject to penalties for non-compliance. No other terms of the original RFP may be changed for the trade package. The Owner or its representative, as applicable, shall provide the Council with the opportunity to inspect all bids submitted upon request, subject to the terms of a mutually agreed-upon confidentiality agreement
- (b) The requirements of this Section may be waived at the Owner's discretion.
- Section 4. Best Value Contracting, Emerging Small Business (ESB), Minority Owned Business (MBE) and Women Owned Business (WBE) or any other contractor or sub-contractor that is awarded contract(s) individually or with a total combined value of not to exceed \$ 48,000 or where said contractor or subcontractor has five or less employees will not be bound by or subject to this Agreement and shall not be required to sign a Letter of Assent. The Owner or the Construction Manager, as applicable, shall notify the Council of the value of each contract awarded under this paragraph at the same time the ESB, MBE, WBE or other contractor or subcontractor is notified that it was the successful bidder. Any contracts with ESB, MBE or WBE or other contractors or subcontractors that are above said amount shall be subject to this agreement unless they have five or less employees.

- Section 5. Any Contractor who is exempt, by virtue of Article II, Section 3 and/or 4 from any provision of this Agreement, shall not be entitled by virtue of other provisions of this Agreement, to utilize the Agreement's provisions for Union referral of employees or to participate in any fringe benefit fund sponsored by the Unions signatory to this Agreement. The employees of such exempt Contractor shall have no right to Union representation for any purpose under this Agreement.
- <u>Section 6.</u> Nothing contained herein shall be construed to prohibit, restrict or interfere with the performance of any other operation, work, or function which may occur at the Project site or be associated with the development of the Project.
- <u>Section 7.</u> This Agreement shall only be binding on the signatory parties hereto and shall not apply to their parents, affiliates or subsidiaries unless they are also signatories to this agreement.
- <u>Section 8.</u> The Owner in consultation with the General Contractor has the absolute right to select any qualified bidder for the award of contracts on this Project without reference to the existence or non-existence of any agreements between bidder and any of the unions provided such bidder is willing, ready and able to become a party to and comply with this Agreement, should it be designated the successful bidder.
- <u>Section 9.</u> Items specifically excluded from the scope of this Agreement include but are not limited to the following: furniture, fixtures and equipment (list any other items to be excluded).

#### Section 10.

- (a) The collective bargaining agreements that will apply to work covered by this Agreement will be identified by name and by specific reference to each signatory Union in Appendix B to this Agreement. Except as otherwise provided in this Agreement, the terms of each collective bargaining agreement identified in Appendix B, as currently in effect or as modified in the future by the parties to those agreements shall apply to work performed under this Agreement. No other local, area or national agreements other than those identified in Appendix B as to each signatory Union shall apply to work performed under this Agreement. If an agreement is omitted from Appendix B by error or oversight, the Council, the affected union and the Owner or representative shall promptly meet to discuss adding the agreement to Appendix B and shall do so if the error or omission is discovered at least ten (10) days before the work is to be performed.
- (b) Where a term or condition covered by the provisions of this Agreement is also covered by or conflicts with the Union's agreement identified in Appendix B, then the provisions of this Agreement shall supersede and override the terms and conditions of the Union's agreement identified in Appendix B. Where a term or condition is covered by the provisions of the Union's agreement identified in Appendix B and is not covered by this Agreement, then the provisions of the Union's agreement identified in Appendix B shall apply.

- (c) It is expressly agreed that the expiration of any collective bargaining agreement referenced in Appendix B shall not cause any disruption to the work of the members of the affected union on the Project. The provisions of Article V hereof shall continue and control.
- (d) Any collective bargaining agreements referenced in Appendix B shall comply with all applicable state and federal laws including 2015 Wisconsin Act 1

Section 11. Nothing contained herein shall be construed to prohibit, restrict or interfere with the performance of any other non-construction operation, work, or function which may occur at the Project site or be associated with the development of the Project such as, but not limited to, engineering, estimating, clerical, survey and layout that is not directly related to performance of construction work by and under the direction of the Contractors, accounting, timekeeping and related services. Furthermore, the provisions of this Agreement shall not apply to any work performed by the Owner and its agencies and instrumentalities, and nothing contained herein shall be construed to prohibit or restrict the Owner or its employees from performing work not covered by this Agreement on the Project site.

<u>Section 12</u>. As areas and systems of the Project are inspected and construction tested and accepted by the Owner or the General Contractor, as applicable, this Agreement will not have further force or effect on such items or areas, except when a Contractor or other responsible party is directed by the Owner or the General Contractor, as applicable, to engage in repairs, modifications, check-out, and warranty functions on an item or area required by its contract during the term of this Agreement.

<u>Section 13.</u> It is understood that the Owner, at its sole option, may terminate, delay and/or suspend any or all portions of the Project at any time.

<u>Section 14.</u> It is understood that the liability of any employer and liability of the separate unions under this Agreement shall be several and not joint. The Council and the Unions agree that this Agreement does not have the effect of creating any joint employer status between or among the Owner, Contractor(s) or any employer.

### ARTICLE III UNION RECOGNITION

<u>Section 1.</u> The Contractors recognize the signatory Unions as the sole and exclusive bargaining representatives of all craft employees within their respective jurisdictions working on the Project within the scope of this Agreement.

<u>Section 2</u>. Authorized representatives of the Unions shall have access to the Project provided they do not interfere with the work of the employees and further provided that such representatives fully comply with the visitor and security rules established for the Project.

- <u>Section 3</u>. All Contractors shall be required to seek applicants for employment first through the referral procedures of the applicable Union if the Union has such procedures.
- Section 4. In the event the Union is unable to obtain a dispatch within forty-eight (48) hours (Saturday, Sunday and holidays excepted) after the Contractor's initial request for applicants, then the Contractor may employ applicants from any other available source, including community- based organizations in the area. The Contractor shall inform the Union of the names of any applicants hired from any other source and shall refer the applicant to the Union for dispatch to the Project.

## ARTICLE IV MANAGEMENT'S RIGHTS

The Project Contractor and Contractors of whatever tier retain full and exclusive authority for the management of their operations. Except as otherwise limited by the terms of this Agreement, the Contractors shall direct their working forces at their prerogative, including, but not limited to hiring, promotion, transfer, lay-off or discharge for just cause. No rules, customs or practices shall be permitted or observed which limit or restrict production, or limit or restrict the working efforts of employees. The Contractors shall utilize the most efficient method or techniques of construction, tools, or other labor saving devices and have the right to utilize any methods or techniques of construction.. (a) feels he or she is aggrieved by a violation of this Agreement, he or she, through his or her local union business representative or job steward, shall, within five (5) working days after the occurrence of the violation, give notice to the work-site representative of the involved Contractor stating the provision(s) alleged to have been violated. The business representative of the local union or the job steward and work-site representative of the involved Contractor and the Project Contractor shall meet and endeavor to adjust the matter within three (3) working days after timely notice has been given. The representative of the Contractor shall keep the meeting minutes and shall respond to the Union representative in writing (copying the Project Contractor) at the conclusion of the meeting but not later than twenty-four (24) hours thereafter. If they fail to resolve the matter within the prescribed period, the grieving party may, within forty-eight (48) hours thereafter, pursue Step 2 of the Grievance Procedure, provided the grievance is reduced to writing, setting forth the relevant information concerning the alleged grievance, including a short description thereof, the date on which the grievance occurred, and the provision(s) of the Agreement alleged to have been violated.
  - (b) Should the Local Union(s) of the Project Contractor or any Contractor have a dispute with the other party and, if after conferring, a settlement is not reached within three (3) working

days the dispute may be reduced to writing and proceed to Step 2 in the same manner as outlined herein for the adjustment of an employee complaint.

- Step 2. The International Union Representative and the involved Contractor shall meet within seven (7) days of the referral of a dispute to this second step to arrive at a satisfactory settlement thereof. Meeting minutes shall be kept by the Contractor. If the parties fail to reach an agreement, the dispute may be appealed in writing in accordance with the provisions of Step 3 within seven (7) calendar days thereafter.
- Step 3. (a) If the grievance has been submitted but not adjusted under Step 2, either party may request in writing, within seven (7) calendar days thereafter, that the grievance be submitted to an Arbitrator mutually agreed upon by them. The Contractor and the involved Union shall attempt mutually to select an arbitrator, but if they are unable to do so, they shall request the American Arbitration Association to provide them with a list of arbitrators from which the Arbitrator shall be selected. The rules of the American Arbitration Association shall govern the conduct of the arbitration hearing. The decision of the Arbitrator shall be final and binding on all parties. The fee and expenses of such Arbitration shall be borne equally between the Contractor and the involved Local Union(s).
  - (b) Failure of the grieving party to adhere to the time limits established herein shall render the grievance null and void. The time limits established herein may be extended only by written consent of the parties involved at the particular step where the extension is agreed upon. #### PROJECT:

(Name, location or address, and Project number, if any)

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof, or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. - § 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.
- § 2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Section 3.
- § 3 If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after
  - .1 the Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Section 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default:
  - .2 the Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and
  - .3 the Owner has agreed to pay the Balance of the Contract/Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.
- § 4 Failure on the part of the Owner to comply with the notice requirement in Section 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.
- § 5 When the Owner has satisfied the conditions of Section 3, the Surety shall promptly and at the Surety's expense take one of the following actions:
- § 5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;
- § 5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors:
- § 5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or
- § 5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:
  - After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or
  - .2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.
- § 6 If the Surety does not proceed as provided in Section 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Section 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

- § 7 If the Surety elects to act under Section 5.1, 5.2 or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication, for
  - .1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract:
  - .2 additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Section 5; and
  - .3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.
- § 8 If the Surety elects to act under Section 5.1, 5.3 or 5.4, the Surety's liability is limited to the amount of this Bond.
- § 9 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors and assigns.
- § 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
- § 11 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
- § 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.
- § 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

- § 2 If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.
- § 3 If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Section 13) of claims, demands, liens or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety.

If, however, the Surety fails to discharge its obligations under Section 7.1 or Section 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

On-site grading, utility work and landscaping are included within this definition. Residential buildings of four (4) stories or less, agricultural buildings, parking lots and driveways are NOT included within this definition.

THE 2015-17 BUDGET BILL MADE SIGNIFICANT CHANGES TO WISCONSIN'S PREVAILING WAGE LAWS. HOWEVER, THOSE CHANGES DO NOT GO INTO EFFECT UNTIL JANUARY 1, 2017.

During calendar year 2016, DWD will continue to enforce prevailing wage laws for local governmental unit and state agency public works projects under current prevailing wage laws.

2015 Wisconsin Act 55 (the budget bill) repealed the state prevailing wage law for **local governmental units** such as villages, towns, cities, school districts, or sewerage districts effective January 1, 2017. However, if a local governmental unit:

- •issues a Request for Bids before January 1, 2017, for a project of public works that is subject to bidding or,
- enters into a contract before January 1, 2017, for a project of public works that is not subject to bidding,

then those public works projects are subject to the current prevailing wage law (§66.0903, Wis. Stats.) through the life of the project. Projects of public works with prevailing wage project determinations issued prior to 2017 continue to be subject to the current prevailing wage law through the life of the project even though the project may have work going on in 2017 or subsequent years.

Contractors working on local governmental unit projects with prevailing wage rate determinations must continue to pay employees the appropriate prevailing wage and maintain required prevailing wage payroll records. For instance, if a contractor is working in 2018 on a public works project with a project determination issued prior to 2017, then the contractor is required to comply with the "old" prevailing wage rate law (§66.0903, Wis. Stats.). After January 1, 2017, DWD will continue to enforce prevailing wage requirements for projects with DWD prevailing wage determinations issued under the "old" prevailing wage laws (§§ 66.0903 & 103.49, Wis. Stats.).

For new public works projects starting on January 1, 2017, state prevailing wage law will only apply to **state agency** and **state highway** projects. Prevailing wage rates applicable to state agencies will be those issued by the U.S. Department of Labor under the Davis-Bacon Act, 40 U.S.C. 3142. The Wisconsin Department of Administration will enforce the new state agency prevailing wage law (§16.856, Wis. Stats.) and the Wisconsin Department of Transportation will continue to enforce prevailing wage on state highway projects (under a law renumbered as §84.062, Wis. Stats.).

#### **PREVAILING WAGE – Public Entity Project Owners**

Any public works project that has a total estimated project cost that equals or exceeds single-trade or multiple-trade project thresholds requires a prevailing wage rate determination issued by the Department of Workforce Development (DWD). Public works include erecting, constructing, remodeling, repairing, demolishing, alterations, painting and decorating projects for a local governmental unit or state agency. State law excludes minor service or maintenance work, warranty work, or work under a supply-and-installation contract. There is a statutory definition for most of these exclusions. The prevailing wage law that applies to local governmental units is §66.0903, Wis. Stats. The prevailing wage law that applies to state agencies is §103.49, Wis. Stats. The applicable administrative rules for all public entities are DWD 290 and DWD 294, Wis. Adm. Code.

#### **Thresholds**

- A "single-trade project of public works" means a project in which a single trade accounts for 85% or more of the total labor cost of the project. The single trade threshold is \$48,000.
- A "multiple-trade project of public works" means a project in which no single trade accounts for 85% or more of the total labor cost of the project.
  - (a) The multiple-trade threshold is \$100,000, unless a municipality falls under the description in (b).
  - (b) The multiple-trade threshold of \$234,000 applies to public works projects erected, constructed, repaired, remodeled, or demolished by a private contractor for ●a city or village with a population less than 2500 or ●a town.

A local governmental unit or state agency that has a public works project that equals or exceeds the prevailing wage thresholds must do all of the following:

 Request a prevailing wage rate determination for the project from DWD at least 30 days before soliciting bids or negotiating contracts. An Application for Prevailing Wage Rate Determination is available on the DWD website: <a href="http://dwd.wisconsin.gov/er/prevailing wage rate/default.htm">http://dwd.wisconsin.gov/er/prevailing wage rate/default.htm</a>

To avoid waiting for a project determination use the on-line application system that permits the user to generate a determination immediately and save all documents in PDF form to the user's computer. Use this project determination on line application at the following address:

- Tell potential contractors the project is subject to state prevailing wage law when soliciting bids.
- Include the prevailing wage rate determination in the construction contract, or if there is no written contract, provide a copy of the project determination to each prime contractor.
- Award contracts to contractors who do not appear on the "Consolidated List of Debarred Contractors."
- Notify contractors that they are required to have a written substance abuse testing program in place that fulfills the requirements of §103.503, Wis. Stats., before commencing work on the prevailing wage project.
- Post the prevailing wage rate determination on the project site. (This document is often referred to as "the white sheet.")
- Notify project contractors that if DWD finds that a contractor violated the prevailing wage law, DWD will assess liquidated damages of 100% of the wages owed to employees.
- Obtain an Affidavit of Compliance from each prime contractor before making final payment for the project.

If the total estimated cost of the project exceeds the prevailing wage thresholds, a local governmental unit or state agency also must obtain a prevailing wage rate determination under the following circumstances:

- when a completed facility is leased, purchased, lease-purchased or otherwise acquired by or dedicated to a public entity in lieu of the public entity contracting for the project,
- when one public entity does work for another public entity,
- when a *private* entity will construct a road, street, bridge, sanitary sewer or water main project and dedicate it to a local governmental unit or the state for its ownership or maintenance (except for some residential subdivisions).

For more information, visit the prevailing wage website: <a href="http://dwd.wisconsin.gov/er/prevailing wage rate/default.htm">http://dwd.wisconsin.gov/er/prevailing wage rate/default.htm</a>. For further assistance, call the Equal Rights Division at 608-266-6861 and ask for prevailing wage.

# POST THE WHITE SHEET

As the public entity receiving this prevailing wage rate determination, YOU ARE REQUIRED by law to post the prevailing wage rate determination (i.e., white sheet) in at least one conspicuous and easily accessible place on the project site that is available to all construction workers. The white sheet must remain posted from the onset of the project until all construction labor on the project has been completed.

[See, Wis. Admin. Code §DWD 290.12(1)]

Posting the white sheet inside the general contractor's trailer does not meet this requirement. That placement is not available/accessible to all workers and is not a location over which you have control.

If you have questions about posting, please call (608)266-6861 and ask for prevailing wage intake.

No state agency, local governmental unit or owner or developer may knowingly solicit bids from, negotiate with or award any contracts to or approve or allow any subcontracts with a debarred contractor, including all divisions, affiliates or other organizational elements of such contractor that are engaged in construction business activities, until the debarment is terminated. The name of each debarred contractor must remain on this list for a period of three (3) years from the termination date indicated below. The contractor is, however, only department by calling its TDD number (608) 264-8752.

#### **PREVAILING WAGE – Contractors**

Any public works project that has a total estimated project cost that equals or exceeds prevailing wage project thresholds requires a prevailing wage rate determination issued by the Department of Workforce Development (DWD). Public works include erecting, constructing, remodeling, repairing, demolishing, alterations, painting and decorating projects for a local governmental unit or state agency. State law excludes minor service or maintenance work, warranty work, or work under a supply-and-installation contract. There is a statutory definition for most of these exclusions. The prevailing wage laws that apply to local governmental units and their contractors are §§66.0903 and 103.503, Wis. Stats. The prevailing wage laws that apply to state agencies and their contractors are §§103.49 and 103.503, Wis. Stats. The applicable administrative rules for all prevailing wage projects are DWD 290 and DWD 294, Wis. Adm. Code. These laws include provisions that apply to all contractors and subcontractors working on prevailing wage projects.

Any contractor or subcontractor working on a local governmental unit or state agency's public works project that equals or exceeds current prevailing wage project thresholds must do all of the following:

- Receive and review the project's prevailing wage rate determination (i.e., white sheet).
- Tell subcontractors the project is subject to state prevailing wage law and include the prevailing wage rate determination in the construction contract, or if there is no written contract, provide a copy of the project determination to each subcontractor.
- Hire subcontractors who do *not* appear on the "Consolidated List of Debarred Contractors."
- Have a written substance abuse testing program in place that fulfills the requirements of §103.503, Wis. Stats., before commencing work on the project.

- Notify subcontractors that if DWD finds that a contractor or subcontractor violated the prevailing wage law, DWD will assess liquidated damages of 100% of the wages owed to employees.
- Apply to DWD for subjourney wage rates prior to employing these individuals on the project.
- Receive and retain a completed Affidavit of Compliance from each subcontractor brought on to the project before providing final payment to those subcontractors.
- Submit a completed Affidavit of Compliance to the contractor who brought the subcontractor on to the project before receiving final payment for the project.
- Maintain payroll records for 3 years that comply with §§66.0903(10)(a) or 103.49(5)(a), Stats. and DWD 274.06.
- Respond to requests from DWD or the project owner to provide payroll records and/or respond to prevailing wage complaints filed by employees or third parties.
